2018 KOREA ICOPA
14TH INTERNATIONAL CONGRESS OF PARASITOLOGY
19-24 August 2018, Daegu, Korea

Date : 19(Sun.)~24(Fri.) August, 2018

Venue : EXCO, Daegu, Korea

Website : <http://www.icopa2018.org>

"PARASITES: Harms & Benefits to Animals and Humans"

The 14th International Congress of Parasitology (ICOPA 2018) is a fascinating opportunity for participants to network and share information in the areas of parasitology, under the theme "Parasites: harms and benefits", including discussions on the possible scientific use of parasites.

Visit the congress website www.icopa2018.org for more information and join our mailing list to receive email updates on the congress and key dates. We look forward to seeing you in Daegu!

- ▶ Malaria
- ▶ Schistosomiasis
- ▶ Trypanosomiasis and leishmaniasis
- ▶ Protozoan diseases
- ▶ Food-borne parasitic diseases
- ▶ Neglected tropical diseases
- ▶ Entomology and vector-borne diseases
- ▶ Parasites of domestic animals
- ▶ Diversity of parasites in wild birds and animals
- ▶ Parasites of fish and marine animals
- ▶ Health and parasites in climate change
- ▶ One health approaches to control of parasitic zoonoses
- ▶ Immune therapy using parasites
- ▶ Paleoparasitology
- ▶ Forensic entomology
- ▶ Diagnosis of parasitic diseases
- ▶ Drugs and vaccines against parasites
- ▶ Parasites and immunity
- ▶ Omics and systems biology of parasites
- ▶ Genetic engineering of parasites
- ▶ Ecology, evolution and biodiversity of parasites
- ▶ Education of parasitology
- ▶ Recent advances in parasitology
- ▶ Veterinary Parasitology
